

Open positions for nurses in Sweden

MediCarrera has recently started to collaborate with the public health care in Västra Götaland, Kalmar, Gävleborg and Uppsala and now there are vacancies, permanent and full time employment, for nurses in many different specializations. The positions are in public hospitals in medium and small towns of the above-mentioned regions.

The nurses working in Sweden have a high professional status, they represent an autonomous sector, with its own organisation. They can perform independently complex medical tasks and they receive constant education and training. The nurses are organised in Nursing Colleges which contribute to the development of nursing science and its professional management. In Sweden it is common that experienced nurses are head of departments and participate at the management of the hospital.

If you are interested in working in a well-organised health care system with modern equipment, good working conditions and develop professionally, contact us and start the application process. We have offers in the following specializations:

- General Nursing
- Cardiology
- Neurology
- Nephrology
- ICU
- Anaesthesiology
- Pulmonology
- Psychiatry

MediCarrera is an official partner of the public health care system in Sweden, Norway and Denmark: we are responsible for the selection of candidates, and for organizing their language training and relocation. MediCarrera also offers a language and integration program for the family. For more information about our activity, please, check our webpage: www.medicarrera.com.

We offer:

- Invitation to study tour to Sweden, to get to know the work place and the region, after a first interview with MediCarrera.
- Permanent contract after successful language exam.
- Training courses within working hours.
- Assistance with removal and relocation costs.
- A free language course program, first on-line part-time then on campus full-time, which will take you to level C1 in Swedish. During full time studies you receive an allowance of 700 net/month and free housing. Partners are also offered a full time language course and there is childcare.
- Salaries and other conditions of employment in accordance with Swedish collective agreement for the sector. Previous experience and qualification determines the salary. The minimum wage for a General Nurse is 2680€ gross/month. Duties are paid apart.
