

## Specialist doctor in psychiatry in South-Norway

A vacancy as a staff specialist/consultant at the department of psychiatry is open in a public hospital in South-Norway.

The department is part of the clinic for mental health and substance abuse treatment. It treats the population of approx. 105,000 inhabitants.

The department is organised into diagnosis related sections. There is a rehabilitation section, a general section and a section for substance abuse treatment. There are 150 fulltime positions and 215 permanent employees. There are ten consultant positions. The focus is on evidence-based assessment and treatment in a targeted and limited form, where emphasis is put on patient and family resources and participation.

The candidate will be expected to:

- Be development oriented and have academic grounding in evidence based treatment while being flexible and cooperative
- Have interest and experience in the field of psychiatry
- Participate in multidisciplinary treatment relations
- Give guidance to staff in medical professional issues

The candidate will work in an active and inspiring professional environment with skilled and friendly colleagues. Two hours per week are allocated to academic studies for all consultants.

There are guard duties to the position.
